Rendezvous Restaurant

restaurant — Proposal

Executive Summary

Here is a 2-4 sentence executive summary for the proposal to Rendezvous Restaurant: Rendezvous Restaurant faces an opportunity gap due to its lack of a professional online presence, hindering its ability to effectively reach and engage with customers. To address this challenge, we propose developing a customized digital platform that will integrate a website, digital menu, online ordering capabilities, and WhatsApp integration. By establishing a robust online presence, Rendezvous Restaurant can enhance customer convenience, drive business growth, and ultimately solidify its position as a leading dining destination in the market.

Identified Challenges

- Lacks a professional online presence
- No social media platforms established to reach customers

Proposed Solution: Customized Restaurant Digital Platform
